

Release 2008a and later:

Activating procedure has been changed comparing to releases 2007b and earlier. End users are required to create own accounts on [www.mathworks.com](http://www.mathworks.com). Users must use mail addresses ending with aau.dk (for example user@somedpt.aau.dk) and select Academic Use option (see Guide). End users will have to use Activation key and License number (different for students and employees). End users are expected to download licensed software directly from

<http://www.mathworks.com>

Students Activation key: 67226-98003-09050-96332-65259 License nr: 329465
